SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, December 21, there being present William H. Brown, presiding, Jas. T. Casey, John MacBain and Jos. M. Francis. The minutes of the meetings held November 9, 10, 16, 17 and 26, and December 7, were read and approved.

Edw. M. Doyle and E. E. Taylor of Menlo Park appeared before the board and asked that assistance be given in the repair of the extension of Oak Grove avenue, east of the Middlefield road. It was stated that the road, while a private one, had been used by the public for many years without restriction. It was ordered on motion of MacBain, seconded by Casey, that \$500 be appropriated from the General fund for the work.

The returns of the incorporation election held at San Bruno on the 18th instant were canvassed and it was found that the proposition to incorporate the City of San Bruno had carried. It was also shown that Louis H. Traeger, Geo. M. Edwards, Fred C. Russell, J. J. Hearne and Emile Gibouret were elected trustees of the incorporation; Horace A. Benley, clerk and Herman Matthews treasurer.

A resolution was adopted on motion of MacBain, seconded by Francis, officially declaring the above result.

Reports were received from the motorcycle officers and ordered filed.

Surveyor Neuman reported that a total of \$45 had been deposited with him for the use of county highway maps and specifications. The report was ordered filed.

Hugh McKinley served notice on the board that Hess & Benson were indebted to him in the sum of \$31.40 for labor performed on the Belmont road, recently built by those contractors, which amount had not been paid. The notice was ordered filed.

State aid was recommended to the following applicants for the support of half-orphan children:

Mrs. Catherine Green, Daly City, one child.

Mrs. Rosie Bolentini, Colma, four children.

Mrs. Meta Wohler, Colma, five children.

Mrs. Julia A. Mitchell, San Mateo, two children.

Emil Campioni and Agnes B. Devere, both at San Mateo, representing that they were in indigent circumstances, were each granted \$8 per month.

Petersen & Grier, bidders on the Oak Grove avenue contract at Menlo Park, at the last meeting, asked for and were granted permission, on motion of MacBain, seconded by Casey, to withdraw their bid, as they had been misinformed as to the character of pavement to be used.

It was ordered on motion of MacBain, seconded by Casey, that the Oak Grove avenue contract be awarded to the City Street Improvement Company, their price being \$7429.87.

The Blanchard-Brown Company notified the board that on account of approaching stormy weather they would be compelled to discontinue work on the La Honda road from Woodruff to the first crossing of the San Gregorio creek.

It was ordered, on motion of MacBain, seconded by Casey, that the contractors be permitted to discontinue work until the weather is more favorable.

The Redwood City Board of Trade sent a communication suggesting that the jail be constructed on the top of the courthouse. The communication was ordered filed.

Surveyor Neuman reported that Frank L. Richardson had completed his contract of constructing a right of way fence along the Colma to Halfmoon Bay road.

It was ordered, on motion of Casey, seconded by Francis, that the contract be accepted.

Edward Freyer of Daly City addressed a communication to the board, asking that he be appointed county purchasing agent. The communication was filed.

L. S. Reading addressed a communication to the board offering to install a new system of keeping the county's accounts, and to personally audit the books of the different departments for a period of one year, at a cost of \$750. The communication was ordered filed.

A communication was received from the Railroad Commission denying the board's application to change the under-grade crossing at Holy Cross cemetery to a grade crossing. The crossing asked for which would be on a long diagonal would be extremely dangerous. It was suggested that the present under-grade crossing be drained by the use of a pump.

A communication, signed by the officers of the election recently held at San Bruno, was addressed to the board, asking that payment be made for their services.

It was ordered on motion of Casey, seconded by MacBain, that the election officers be each allowed \$10.

A communication was received from the Individual Underwriting Corporation of San Francisco not-

ifying the board that in the night of November 7th, an accident occurred on the State Highway near Baden, damaging an automobile owned by the California Ink Company, in the amount of \$85.45, which loss was made good by the Underwriting Company. It was the intention to render a bill against the county, because, it was alleged, the road was not properly safeguarded.

The communication was referred to the State Highway Commission.

A communication was received from the State Highway Commission, accompanied by a resolution in which it was declared that when the Board of Supervisors had acquired the necessary right of way for the State Highway from Beresford to Redwood City, that portion of the highway would be built by the State. The communication was referred to the District Attorney.

The District Attorney presented an ordinance fixing the prices of printing during 1915. The ordinance was adopted on motion of Francis, seconded by MacBain.

A resolution was adopted on motion of Casey, seconded by MacBain, authorizing a correction of the minutes of the second meeting in October, referring to the paving of Milliken street from the county line to McDonald avenue.

It was ordered on motion of MacBain, seconded by Francis, that the offer of the Draw property as a jail site be rejected.

It was ordered, on motion of MacBain, seconded by Casey, that the Clerk give notice that the board intends to purchase for \$16,000 the Kerr property on Webster street, opposite the courthouse, for a jail site.

Tax Collector McSweeney reported tax collections during the month of November amounting to \$419,213.76.

A deed executed by Henry Brutt, Edward Frey and John Meyn, conveying to the county a strip of land forty feet wide for road purposes in the Fourth Road District, to be known as the Meyn Road, was accepted on motion of Francis, seconded by Casey.

Surveyor Neuman presented plans and specifications for paving the road from Colma to Edgemar which were accepted on motion of Casey, seconded by Francis.

It was ordered on motion of MacBain, seconded by Casey, that the new roadway constructed by Mahoney Bros. from the mountain top to Woodruff, near La Honda, be accepted.

The Surveyor presented plans and specifications for a trestle near Edgemar, which were adopted on motion of Casey, seconded by Francis.

Plans and specifications presented by the Surveyor for 12,862 feet of roadway, being a portion of the road from Menlo Park to Portola, were adopted on motion of MacBain, seconded by Casey, and the clerk directed to advertise for bids for the work.

It was ordered on motion of MacBain, seconded by Francis, that each Supervisor have the power to remove signs, eliminate ditches or other obstructions from the roads in his district.

It was ordered, on motion of MacBain, seconded by Casey, that the claim of the California Automobile Association for \$300 for road signs be rejected.

It was ordered, on motion of MacBain, seconded by Casey, that the Surveyor and Supervisor Casey adjust the matter of the overhead crossing at Thornton which has been ordered removed by the Ocean Shore Railroad Company.

The annual masquerade ball to be given in Foresters' hall on New Year's Eve, by Redwood Aerie, F. O. E., is attracting the attention of the dance goers in every section of the county. That it will be well attended goes without saying. The dance is usually the best attended of any during the year and the affair on the evening of December 31 will be no exception to the rule.

WHAT IS REQUIRED OF BOY-SCOUT CANDIDATES

H. H. Sears, scoutmaster of the local council of Boy Scouts, has issued the following statement regarding admission to the organization. Printed descriptive matter for parents and boys is available for distribution on request.

There are three classes of scouts among the Boy Scouts of America: The Tenderfoot, Second-class scout, and First-class scout. Before a boy can become a Tenderfoot scout he must qualify for the same. A tenderfoot, therefore, is superior to the ordinary boy because of his training. To be a Tenderfoot means to occupy the lowest grade in scouting. A Tenderfoot upon meeting certain requirements may become a Second-class scout, and a Second-class scout upon meeting another set of requirements may become a First-class scout. The First-class scout may then qualify for the various merit badges which are offered for his proficiency in scouting.

The requirements of the Tenderfoot scout are as follows: A boy must be at least twelve years of age and must pass a test in the following: Know the scout law, sign, salute and significance of the badge; know the composition and history of the national flag, and the customary forms of respect due it; tie four out of the following knots—square or reef, sheet-bend, bowline, fisherman's, sheepshank, halter, clove hitch, timber—hitch or two half-hitches. He then takes the scout oath and is enrolled as a tenderfoot, and is entitled to wear the badge.

Marcus' Department Store makes a specialty of men's suits with two pair of pants, a guarantee of double wear, at the price of an ordinary suit of clothes.

REDWOOD PARLOR IS HOST OF GRAND OFFICERS

A class initiation was the big feature of Thursday night's meeting of Redwood Parlor, No. 66, N. S. G. W. and ten new members were taken into the fold.

Bismarck Bruck of St. Helena, a grand officer, paid the Redwood parlor an official visit and delivered a masterly address.

A banquet tendered the Native Sons by the Bear Club, followed the regular meeting. Judge H. W. Lampkin acted as toastmaster and under his guidance, Herman W. Schaberg, Fred Glennan, Guy Hull, and Will and Carl Plump, were induced to tell the young natives of their pioneer days in the order. Andrew D. Walsh rendered "Absence makes the heart grow fonder." P. P. Chamberlain blamed the fates which prevented him from being a native of California. Speeches were also made by Dan Stafford, O. Sahlerberg, Joe Simmons, Charley Curran and Henry Beeger.

LOCAL DRUGIST SAYS: "TAKE ONLY ONE DOSE"

We want to tell those in Redwood City suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleaner known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-ika. PASSING MATTERS OF LOCAL INTEREST

News of Redwood City Boiled Down to Condensed Paragraphs.

A baby boy was born to Dr. and Mrs. George B. Yount, on Saturday, December 19th.

Roy Woodhams, who is studying medicine in San Francisco, is visiting his parents.

C. C. Benson has been confined to his home for the past two weeks with a severe case of la grippe.

Mr. and Mrs. Hargrove Harrison are here from San Francisco to spend the holidays with Mrs. Harrison's parents, Mr. and Mrs. C. H. Woodhams.

Miss Elizabeth Bowles, a prominent member of the high school faculty, has gone to Oroville to spend her vacation with relatives.

1915 Pocket Diaries, Memorandum Books, Time Books, Wallets and Card Cases. A. D. Walsh Co., Pioneer Drug Store 12, Broadway.

George Bettin is home from Stockton to spend the holidays with his parents. He is a student at the Western Normal School and is preparing to become a teacher.

Santa Claus left a little baby daughter as a gift for Mr. and Mrs. Henry Werder last Sunday. Mrs. Werder and the little lady are getting along nicely.

Miss Katherine Wolfenden left yesterday for Oakland to spend Christmas with her mother. On Monday she will leave for Dinuba where she will spend a week with friends.

Mr. and Mrs. O. M. Carrington and their two little girls have gone to Orange to spend the vacation with Mrs. Carrington's parents, Mr. and Mrs. Fred Noble. They will remain until the Saturday before the opening of school.

A. W. Pioda, the well-known engineer and Doctor Dykes are preparing plans for two modern residences in Redwood Highlands. Work on the buildings will begin early in spring.

The County Board of Education has been in session all this week examining applicants for teacher's certificates. Ten started the examination but were not all able to pass the test studies. The board will probably finish their labor this evening.

Charles M. Shortridge was here on Wednesday on legal business. Mr. Shortridge is engaged in the practice of law in Oakland and is associated with his brother Samuel M. Shortridge who maintains an office in the Chronicle Building in San Francisco.

There is growing on the Clarence La Dieu place in the McEvoy tract near town a lemon tree containing more than fifty lemons weighing a pound and a half each. The fruit is juicy, well developed and equally, if not superior, to that grown in the southern portion of the state.

Lee Pipkin, gardener at the high school began trimming the geraniums in front of the building this week. Mr. Pipkin standing on a ladder ten feet high could scarcely reach the topmost vine. This wonderful growth is certainly a revelation to our eastern visitors as well as an evidence of the fertility of the soil of Redwood City.

City Engineer H. H. Sears has been appointed City Engineer of Mayfield and will have charge of considerable construction work in our neighboring city. His work there will in no way conflict with his duties here as his assistant Wilber Dossie will attend to most of the detail work.

There seems to be some misunderstanding regarding the open season for killing and hunting quail in the county. The season does not close until February 15, 1915. This is the state law and the season has not been shortened by the supervisors. Some hunters appear to believe that the season closed on December first. Such is not the fact, however.

P. P. Chamberlain returned from Sacramento Wednesday after an enjoyable session of the County Treasurers' Convention. The principal point of consideration was the collection of payments for the teachers' pension fund which is a vexing question for all of the treasurers and for most of the banks of the State.

The Christmas tree at the Congregational church on Wednesday night drew a large crowd and all were charmed with the exercises which were given by the children. Santa Claus was there and added much to the merriment of the occasion. Gifts were given to every child present and all went home firmly convinced that Santa Claus is a jolly good fellow.

The report of the State Board of Health for November shows that during the month of September, in San Mateo county there were 53 births, 27 deaths and 38 marriages. Miss Louise Stevens, teacher in the Montara school, and Miss Florence Minner, teacher in the Warr school, are in Redwood City to spend the holidays with their parents.

Scout Master Sears took ten of the boys of the local Boy Scouts to San Francisco Tuesday and hiked out to the Exposition grounds. After spending the day there and visiting practically every point of interest they went down town and visited the Emporium and spent a very pleasant hour there, returning to Redwood on the five o'clock train.

Berthold Werder, who has been city mechanic for the past five years, has resigned his position and will become an instructor of metal working in the Lick School of Mechanical Arts in San Francisco after the first of the year. Mayor

Geo. A. Merrill of this city is principal of the school and seeing Mr. Werder's ability, rewarded him with this appointment. Mr. Werder is a graduate of Lick and will no doubt do splendid work in his Alma Mater.

Oscar Wineberg, bookkeeper for Mahony Brothers who have the contract for the grading of the new La Honda road, died Tuesday evening in St. Luke's hospital in San Francisco. The deceased spent the summer between here and La Honda, and was well-known and liked in this city. He was a native of San Francisco, aged 25 years. Mr. Wineberg contracted a cold during the inclement weather of last week that developed pneumonia to which disease, he succumbed. He was very popular with the men employed by Mahony Brothers.

Bonita Parlor of Native Daughters will give one of its enjoyable card parties on the evening of January 28th.

Mrs. J. L. Ross and Miss Blanch Ross left on Sunday for San Diego, where they will pass the holidays with Joe Ross, who is attending high school in the south.

At the Methodist church next Sunday there will be New Year services. The subject of the sermon at the evening service will be "What shall I do with 1915." There will be special music morning and evening.

Christmas exercises were held at Notre Dame Academy Tuesday afternoon by the pupils. Rev. Father Sullivan was given a nice Christmas present by the children and the event was a most enjoyable one to the children and parents and friends of the school.

PROMINENT RESIDENT FATALLY STRICKEN

Mrs. H. S. Johnston, a resident of this community for the past forty-five years, is very low at her home back of Wellesley Park. Her death is hourly expected by those watching at her bedside. The aged pioneer is suffering from an attack of pneumonia. Owing to her advanced age it is impossible for her to recover. The attending physician, Dr. Chapin, says that Mrs. Johnston cannot survive more than a few hours. Mrs. Johnston is one of the best known and best loved pioneers of the county. None knew her but loved her. The news of her illness is received with much regret among her numerous friends in this city.

Grand Lodge Visitors.

One of the features of the session of the supreme court of the Foresters of America, to be held in the municipal auditorium in San Francisco next August, will be a day set aside for a visit to Redwood City, when the 700 members of the visiting body and their women relatives will be the guests of the citizens of Redwood City and of Court Madrone. John J. Read, representing the court and citizens, has notified the general 1915 committee that is arranging for the reception and entertainment of the Foresters visitors from all parts of the United States, that Redwood City will be elaborately decorated, that about 200 automobiles have been secured to convey the visitors to many points of interest and of natural beauty in the county, that there is to be a huge Spanish barbeque, different from those gotten up in the east, and that there will be a ball in a specially constructed pavilion that will accommodate more than 300 couples.

The people of Redwood City will defray all the expenses of the affair. The general committee will cooperate with those who have the matter in hand.

COUNTY PUPILS ANSWER QUERIES

The Board of Education has been engaged all week in holding a teachers' examination at the courthouse. The test for certificates is a severe one. Following are a few of the questions asked:

GEOGRAPHY

1. Compare the mountains of the eastern and of the western coast of North America with reference to (a) size; (b) extent; (c) form.
2. Name a section of the United States where farmers are particularly troubled from (a) lack of rainfall; (b) river overflows; (c) worn-out soil; (d) swamp lands; (e) stony surface.
3. Give three reasons for the uncivilized condition of the people and the uncivilized condition of much of the African country.
4. State approximately (a) the latitude of the Hawaiian Islands; (b) the direction and distance of these islands from San Francisco.
5. Which city on the Mississippi River has the greatest natural advantages for (a) manufacturing? (b) Commerce? Give reasons for answer.
6. Name the different plants from which we derive sugar. Name the parts of the United States where each is raised.
7. Where in South America is the least rain fall? Give reason why. Is there a kind in South America?
8. Upon what does the temperature of a place depend? What are isothermal lines?
9. What three important exports of the United States have been deeply affected by the European War?
10. What and where are: Petrograd, Armenia, Antwerp, Galicia, Liberia, Sikka, Melbourne, Madagascar.

discriminate, incendiary, alienate, hy-potenuse, innumerable, exaggerate, synonymous, loquacious, conscientious, surreptitious, deteriorate, miscellaneous, illiterate, sustenance, satiate, licentious, anniversary, servicable, auspicious, gymnastics, fictitious, subsistence, necessitate, efficiency, constituency, proprietor, liquidate, disfranchise, confectionery, antiseptic, inoculation, incandescence, tuberculosis, boisterous, appliance, sovereign, misde-meanor, fascinate, vaccinate, advantageous, discounten, succumb, hemorrhage, ellipsis, calisthenics, procrastinate, ecclesiastical, magnificence, heterogeneous, receivable.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts

SOUTH SAN FRANCISCO
Miss Josie Kreiss is spending the holiday season with relatives at Woodside. Excavations have been completed for the foundations of the new Carnegie library building.

Progress Camp, Woodmen of the World will give a dance at Metropolitan Hall on New Years Eve.

The rolling mill department of the Pacific Coast Steel Company's plant has been closed temporarily for repairs.

SAN BRUNO NOTES
A. C. Babkirk of the third addition, who has been quite ill, is reported to be well on the road to complete recovery.

The young daughter of Mr. and Mrs. P. Kelley has been quite ill from an attack of pneumonia.

In spite of opposition, most of which was fostered in San Francisco, the proposition for incorporation was carried by a majority of more than two to one, the vote being 296 in favor and 158 against. The first officers of the new municipality will be as follows: L. H. Traeger, George H. Edwards, P. C. Russell, J. J. Hearne and E. Giberet; Clerk, H. A. Bewley; Treasurer, H. Mathiesen.

There has been considerable complaint of sickness in this section of late, though none of the cases have been of a serious nature.

Mrs. C. A. Babkirk, who has been in poor health for some time past, expects to be compelled to submit to a slight operation soon after the first of the coming year.

Mrs. J. H. Moore has been called to Texas on account of the death of her mother.

Everett Smith has returned from a visit to his ranch at Mist and will remain over the holidays.

NEWS OF DALY CITY.

Stehle & Chubb are the new proprietors of the Grand View theater, having purchased the business from Mr. Hadduck.

W. H. Pearson of Ocean View is the proud owner of a number of prize winning chickens entered at the recent poultry show at San Francisco. His exhibit of white leghorns captured third prize as well as several other commendations. Since the completion of the new Masonic Hall, Daly city is aspiring to be the home of a number of fraternal organizations. In addition to the Masonic Lodge a movement is on foot looking to the formation of lodge of the Knights of Pythias.

BELMONT NOTES.

The Christmas tree given by the teachers of the Belmont school and the Parent-Teacher Association was the most enjoyable affair given here for many a year. A splendid program was rendered by the children and at the close of the exercises Kewpie dolls were distributed to the girls, while the boys received snake cameras, spiders, etc. The children in turn showed their appreciation of their teachers by presenting them with handsome presents. Miss Loman received a whig Miss Damburger received a handsome toilet set from her class purse.

Jane Markham left on Saturday to spend her vacation in San Diego with Mr. and Mrs. Thos. Dowell. Mr. Dowell has been the Mexican consul for a number of years and their home is known throughout San Diego for its social gatherings and hospitality.

Mrs. Jens returned to her home in San Francisco on Monday accompanied by her daughter and children who will remain at the Jens home for the holidays.

George Rousel has almost completed the frame of a new cottage which he is erecting.

Mrs. Barrett and daughter Winnie are in San Francisco spending vacation with relatives.

Mr. and Mrs. McGowan and Miss Ruth McGowan left on Wednesday for Monterey.

The Louie Hansen family are spending the holidays in Oakland.

The Otto family spent Sunday here at their old home.

WOODSIDE AND PORTOLA

G. C. Nahmens and wife have gone south to spend the winter. They will take apartments in a Redlands hotel until spring. Mr. Nahmens recently disposed of his ranch at Portola and proposes to take it easy, for a time at least.

E. D. Conolly, the well-known lumber man, who built a fine home here last summer, will remain here during the winter months. He will not join the other wealthy residents hereabouts in San Francisco.

Miss Marjorie Josselyn arrived yesterday from New York, where she has been spending several months with Mr. and Mrs. Malcolm Douglas Whitman.

Despondency Causes Suicide.

Deputy Coroner Layne was called to the Selby ranch late Wednesday afternoon to secure the decomposed body of a man found hidden under a tree. The body was discovered by Angelo Corrada, who is employed by Dan Flynn of this city. A search of the clothing disclosed a bankbook in the name of George Sutherland which showed deposits in the Hibernia Bank amounting to nearly \$5000. There were also a number of doctor's prescriptions, the last of which was dated August 14, which would appear to be about the time of death. Alongside the body were boxes supposed to contain poison. It was evidently a case of suicide. Mr. Layne is making an effort to locate the relatives of the deceased.

WORKING FORCE OF CITY REORGANIZED

Council Makes Many Changes With View to Increase in Efficiency and Economy.

In many respects the meeting of the city council Monday evening was one of the most important, so far as concerns general public interests; which has been held in many months, action being taken which will, it is believed not alone result in securing more efficient work in the several departments of the city, but at the same time secure a material saving in expenditures for salaries. Acting upon a report of the special committee to who had been referred the problem of a reorganization of the various city departments, a number of important changes were ordered made, to take effect with the commencement of the new year and effecting almost the entire force of city employees.

Under the new order of things, much will be added to the duties of City Clerk Plump, who will be required to be in his office at the city hall personally between the hours of 9 A. M. and 5 P. M., thus to a large extent at least abolishing the office of assistant clerk, which in the past has been occupied by Mrs. Lila Kirkpatrick. It is proposed that in addition to the duties of Clerk, that official shall assume the work of collecting the monthly water rates and the annual tax bills. Another duty added to the work of the clerk's office will be that of keeping a complete report of tools and supplies of the street and water departments, which in the past has been neglected. In order that there may be someone in the office during the time the Clerk is required to devote to the collection of water bills, he will be allowed to employ an assistant for not to exceed two weeks.

Under the new arrangement the city will also be provided with what has long felt to have been a pressing necessity, a police force which will at all times be ready for that duty. Relieved of other demands upon his time, Marshal Coleman will be enabled to devote his entire time to his important duty, and that he may be more readily identified by strangers will be required to appear upon the streets dressed in a police uniform.

The position made vacant by the resignation of City Mechanic Werder will be divided between two departments. The care of the electric street lighting system and the fire alarm system will be placed in charge of M. E. Ryan, the electrical contractor. The work of caring for and repairing water meters and other work connected with the water system will be placed in charge of Street Superintendent Dickey.

The monthly report of City Marshal Coleman showed the business of his office for the past month to have been much larger than usual, the collections totaling \$29,042.39, distributed as follows:
Water rates \$1171.25
Water connections 40.00
Miscellaneous licenses 6.35
Taxes 16,018.12
Street Improvement Dist. 8 1154.40
Street Improvement Dist. 13 6257.44
Street Improvement Dist. 14 4394.83

The report of City Treasurer Towne on the condition of the general fund of the city made it plain to the trustees that for the coming six months at least, it would be necessary to pursue a course of the most rigid economy in every department. Notwithstanding the fact that the collection of the first installment of taxes has just been completed, the balance in the hands of the Treasurer with which to meet the claims for the next six months amounts to but \$596.06. This condition, it was explained, was due to the fact that during the first portion of the year it had been necessary to meet a number of deferred claims of considerable magnitude.

The usual annual report of Chief Winter of the fire department, which indicated that during the past year the city had been extremely fortunate in the matter of fire loss, was presented. According to the report the department was called upon to respond to but ten alarms, practically all of which were of inconsequential nature, the loss involved amounting to about \$600. The report shows the equipment of the department to be in excellent condition, though not altogether of the most modern character.

There is available for use, 2,000 feet of fire hose in good condition, while the four hose wagons, the hook and ladder truck and chemical wagon are ready for use.

Chief Winter made a number of recommendations for the betterment of the service, practically all of which were heartily concurred in by the trustees. Chief among the suggestions was that in the purchase of an auto-chemical truck, the machine should be owned and controlled by the city without the assistance of outside communities. As a motive for this suggestion, the Chief stated that while as a rule there would be no hesitancy on the part of members of the department in responding to appeals for assistance coming from other communities, there was a reluctance on the part of the members to place themselves in a position where this aid might be demanded as a right. In view of the fact that the services of the firemen were rendered without remuneration, this was acknowledged by the trustees to be a reasonable position, and it is hoped that in the near future a proposition for the issuance of bonds for this purpose will again be submitted to the people. It was also decided that in the future reasonable expense for repairs to clothing of firemen, where damaged in the line of duty, be borne by the city.

Upon a report of City Marshal

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

W. W. Vincent, who robbed seven houses in Burlingame last October, was sentenced by Judge Buck on Thursday to serve three years at San Quentin. Vincent has a bad record, otherwise he would have been let go on probation.

Marriage Licenses Issued.
William Morris Lavin, aged 28, and Dorothy V. Fitzmaurice, aged 20, both of San Francisco.

Joseph Stengele, and 27 and Teresa Fischer, aged 20, both of San Francisco.

Jacob Antonio de Hass, aged 31, and Hazel G. Garus, aged 23, both of Stanford University.

New Actions in Superior Court.
Ida C. Cardoza has brought an action for divorce in the Superior Court against her husband, Antonio J. Cardoza on the ground of extreme cruelty. The Cardozas were married at San Francisco on August 21, 1912.

Plaintiff asks for the custody of the minor child, aged 15 months, attorney fees in the sum of \$250, costs \$25 and \$50 a month for the support of herself and child. The parties to the action reside at Halfmoon Bay.

Maria Patricia has brought an action for an interlocutory decree of divorce in the Superior Court against her husband, Adolph Patricia on the ground of desertion. The parties were married in San Francisco on November 11, 1908. There is one minor child, Rosa Patricia, aged 5 years. Plaintiff asks for attorney fees in the sum of \$250, costs amounting to \$50 and \$25 a month for support of herself and child. J. J. Bullock is the attorney for plaintiff.

Nellie Wright and George Wright have brought a suit for damages in the Superior Court against the United Railroads to recover the sum of \$20,000. On December 22, 1913, Nellie Wright was riding on one of the cars of the company, and asked the conductor to let her off at Daly City. The car was stopped at a place where the street was dug up and a large pile of material lay. The night was dark and on alighting Miss Wright fell and sustained a fracture of her ankle. She was confined to her home for nine months, during which time the sum of \$250 was paid for medical assistance and medicine. Miss Wright asks for this sum together with the \$20,000, making a total of \$20,250. The other plaintiff in the action is her father, The Wrights are prominent residents of Colma.

The Bank of Italy has brought foreclosure proceedings in the Superior Court against Della Douglas and her husband, R. L. Douglas, to recover the sum of \$700. The property on which the mortgage is to be foreclosed consists of a portion of block 12, Burlingame. Plaintiff also asks for interest at the rate of 7 per cent per annum from September 22, 1914, costs of suit and attorney fees in the sum of \$135.

Samuel McClure has brought suit in the Superior Court against T. H. McDonald and others to recover the sum of \$625 due of a promissory note. Plaintiff also asks for an additional sum of \$101.03 for supplies delivered to defendants during the two years last past and for interest and costs of suit.

Appraisers File Reports.

H. W. Schaberg, Keyron O'Grady and J. C. Robb, appraisers of the estate of John Russell, deceased, have filed their inventory and appraisal. The total value of the estate is placed at \$2772.70. It consists of lot 4, block 41, San Mateo, appraised at \$500, and an undivided interest in a livery stable at San Mateo owned by Russell and Salter valued at \$2272.70. The business is still conducted under that name, although Mr. Russell has been dead for some time. The horses, buggies, etc., are appraised at the above sum.

Jury Assesses Damages.

The suit of John L. Debenedetti against A. S. Barron of Beresford was tried before a jury in Judge Buck's court on Tuesday, the jury bringing in a verdict on Wednesday in favor of the plaintiff for \$1045. Some time ago plaintiff secured a contract from defendant to sell his property at Beresford. The contract was to be in force for 90 days and Debenedetti was to receive two and one-half per cent for selling the land, but before the expiration of the contract Barron sold the realty, receiving \$41,000 therefor. Debenedetti asked for

the balance of the purchase price of the land, which was \$196 for water used, City Attorney Mansfield was instructed to take legal action to enforce the payment of the claim. City Engineer Seagr submitted a report of the necessary changes in the grade of the County road for the construction of curbs and sidewalks. As the proposed grades required the settlement of a number of technical questions, the report was referred to the street committee for investigation.

The street committee was instructed to investigate the condition of a number of streets which had been originally constructed at the expense of the general fund and which are now in need of extensive repairs, with a view of suggesting some plan by which these streets might be put in more modern condition at the expense of owners of abutting property.

his commission but Barron denied that he owed it. The suit was commenced and the jury brought in a verdict for the full amount asked for by Debenedetti, to-wit, \$1,045. Ross & Ross represented Debenedetti, while Attorney Nelson of San Francisco and E. F. Fitzpatrick appeared for defendant.

New Building Contracts.

The following builder's contracts were filed during the week in the county recorder's office: The Raymond Granite Company agrees to erect a granite vault in 100 days for J. J. Mack in the Home of Peace Cemetery, Colma, for \$8867. The Raymond Granite Company agrees to erect a mausoleum for C. P. Gibbons in Greenlawn cemetery, Colma, in 40 days for \$2758.

The American Marble and Mosaic Co. agrees to do the marble work for the new building belonging to Harriett Pullman Carolan at Hillsborough by April 6th, 1915, for \$13,000.

Edna Elliott agrees to erect for Hugh O. Elliott in 90 days a dwelling at Burlingame for \$2600.

H. W. Johns-Mansville Co. agrees to install a refrigerator system and boxes for the new building now being erected for Harriett Pullman Carolan at Hillsborough for \$2,697.

New Probate Applications.

Late last evening H. G. Plymire, through his attorneys, Ross & Ross, filed petitions for letters of administration upon the following estates: George Southerland, who was found dead in the Selby field near Atherton on Wednesday. He is supposed to have died last August. The estate consists of \$4000 on deposit in the Hibernian Bank.

Antonio Protasoni, who died on December 14. The estate consists of cash on deposit, cash \$50 and \$17 due as wages from the Pacific Coast Equipment Co.

Y. Nure, who died on Dec. 11th. The estate consists of three cows valued at \$200 and cash on hand amounting to \$42.40.

Jennie Boilelli has applied in the Superior court for letters of administration upon the estate of S. Boilelli, who died on December 5. The estate consists of a claim against D. Devoto amounting to \$250.

Probate Court Orders.

Estate and guardianship of Amelia Tostman, an incompetent person. Petition for appointment of guardian continued to December 7, 1915.

Estate of John Fernandez, deceased. Order to show cause dropped from calendar. Final account submitted. Joseph Fernandez granted letters of administration with bond fixed at \$100.

Estate of Lafayette Chandler, deceased. Petition to set aside estate to widow continued to December 31.

Estate and guardianship of Nellie G. Hansen, a minor. Petition for revocation of letters of guardianship continued to Jan. 7, 1915.

Estate of Antonio Doyle, deceased. Account of trustees for Daniel A. Doyle allowed and settled.

Estate of Laurita Evans, deceased. H. G. Plymire appointed administrator.

Estate of Birt Evans, deceased. H. G. Plymire appointed administrator.

Estate of Mariano Barry, deceased. H. G. Plymire appointed administrator.

Estate of David Barre, deceased. C. C. Barre granted letters of administration with bond fixed at \$100.

Orders in Superior Court.

S. Belli et al vs. School House Land Association. Judgment ordered for plaintiff as prayed for.

J. L. Debenedetti vs. A. S. Barron. Jury brings in a verdict in favor of plaintiff as prayed for.

City of Palo Alto vs. Christie Machine Works. Trial continued to January 11, 1915.

Ida May Sweet vs. A. B. Sweet. Motion to modify decree continued to January 14, 1915.

Frank Kahle vs. Peter Faber. Case set for second Thursday in February 1915.

People vs. Spring Valley Water Co. Motion to amend continued to December 28.

W. A. Hammond vs. San Mateo Planing Mill Co. Demurrer overruled and defendant given 10 days to amend.

N. D. Morrison vs. Eliza Fuernstahl. Motion to set cause continued to December 31.

National Land Co. vs. H. Elliott. Judgment as per stipulation of file.

Augusta Hockabout et al vs. Lizzie Smith et al. Cross complaint ordered stricken out.

J. C. Thompson vs. Sarah Thompson. Motion to reduce allowance continued to January 7, 1915.

People vs. W. R. Markt. Case set for January 6, 1915.

Florence Armstrong vs. Albert Armstrong. Interlocutory decree of divorce granted plaintiff.

Susan Jarvis vs. P. D. Jarvis. Demurrer continued to Dec. 21.

Vola Dolan vs. W. Dolan. Interlocutory decree of divorce granted plaintiff.

Margaret L. Rogers et al vs. J. P. Rogers et al. Trial set of January 27, 1915.

Chris Stador vs. Hartford Insurance Co. Ten days allowed defendant to file amended answer.

Dr. Hart Locates Permanently.

Dr. Frank Russell Hart, late of Santa Cruz, having formed a favorable impression of Redwood City, has decided to permanently locate here. He has taken offices in the building above Marcus' department store, opposite the post office. Dr. Hart is a graduate of the Hahnemann Hospital of the Pacific and was formerly resident physician and surgeon of the City and County Hospital at San Francisco.

Hull Bros. for paints, oils and glass.

LOCAL NEWS NOTES OF MENLO PARK

Interesting Paragraphs of General Interest Gathered About the Town

R. W. Fogg of Santa Cruz is spending Christmas with his daughter, Mrs. Edgar Humphrey of this place.

W. T. Casey has been awarded the contract to do the plumbing work on the Jacob Stern new residence at Atherton. Mr. Casey is preparing to begin work on the building next week.

The Sacred Heart Convent and St. Patrick's Seminary closed for the holiday vacation during the week, nearly all the students leaving for various parts of the state.

The family of the late Sarah Murray desires to thank all those who assisted during the illness and at the death of Mrs. Murray and also for the wealth of floral offerings.

The Wells Fargo office did a large volume of business this season, larger in fact than at any previous year. This demonstrates that times are not so "hard" as people believe they are.

Enos Aragon has leased the two fields adjoining the Hoitt buildings at Atherton. Selected portions of the land will be used for intensive farming. Vegetables and garden truck will be grown for the market.

The Middlefield road bridge over the San Francisco creek will be ready for use the forepart of next week. This will be glad news to the hundreds that go over this bridge to Palo Alto. The thoroughfare has been closed for the past six months.

Mr. Adams, a prominent resident of San Francisco for many years, passed away after a lingering illness Monday. The deceased was the father of Mrs. C. B. Lastreto of Atherton. The remains of the capitalist were sent to his old home in St. Louis on Wednesday for burial.

Mrs. Percival W. Selby arrived a few days ago from New York, where she has been for several months. Mr. and Mrs. Selby have decided to spend the remainder of the winter in town and have taken an apartment in the building on Post street, San Francisco.

JUDGE BUCK SUMMARILY DISCHARGES GRAND JURY

Saturday at noon Judge Buck summarily dismissed his Grand Jury. In his order dissolving that body Judge Buck said that the jury was "exceeding its functions and was of no value whatever to the people of the county."

While Judge Buck did not care to discuss the matter, he approved of the statement of Mrs. Nannie L. Merk of Burlingame, one of the salary committee. Mrs. Merk's statement is as follows:

"I was on the salary committee," said Mrs. Merk. "The members, though meaning well, did not heed the exact instructions of the court. The committee was taking up matters pertaining to salaries which should have been left in the hands of the entire membership of the Grand Jury. The court's action is clear to me and I approve of the Grand Jury's discharge."

REDWOOD CITY NEEDS SAND—THOUSAND TONS A YEAR.

Redwood City is in need of sand and it needs it badly. Not the sand that is referred to in a figurative sense, but real, actual sand, defined as small particles of stone. Moreover it must be of such composition as may be used in the manufacture of silicate-soda, or what is more commonly called water glass. Redwood City can make use of upwards of 1000 tons a year of the right kind of material and there are countless places throughout the United States that will be able to use countless thousands of tons more.

Until the great war broke out in Europe and Belgium was almost rubbed off the map, that country supplied the greater part of the water-glass sand that was used in America. Now the shipments have been discontinued and there is no telling when they will be renewed.

In the meantime the business of making water-glass may have to be suspended. Water-glass has innumerable uses, from building material to an egg-preservation, and it has come to be almost indispensable to the trades and the home.

In this city the Horstman Chemical Company turns out great quantities of the product which is quickly marketed. If its manufacture must cease, Mr. Horstman will have to turn his attention to the making of other products of which the factory handles many.

Already an effort is being made to find a suitable deposit of sand and whoever discovers the right kind of stuff will have a fortune within his grasp.

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old style ready-made, cough syrups in bottles holding only 2 to 2 1/2 ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to Ryan's Drug Store and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchitis, Asthma, Croup, hoarseness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above drug is also authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under the positive guarantee.

REDWOOD CITY NEEDS SAND—THOUSAND TONS A YEAR.

Redwood City is in need of sand and it needs it badly. Not the sand that is referred to in a figurative sense, but real, actual sand, defined as small particles of stone. Moreover it must be of such composition as may be used in the manufacture of silicate-soda, or what is more commonly called water glass. Redwood City can make use of upwards of 1000 tons a year of the right kind of material and there are countless places throughout the United States that will be able to use countless thousands of tons more.

Until the great war broke out in Europe and Belgium was almost rubbed off the map, that country supplied the greater part of the water-glass sand that was used in America. Now the shipments have been discontinued and there is no telling when they will be renewed.

In the meantime the business of making water-glass may have to be suspended. Water-glass has innumerable uses, from building material to an egg-preservation, and it has come to be almost indispensable to the trades and the home.

In this city the Horstman Chemical Company turns out great quantities of the product which is quickly marketed. If its manufacture must cease, Mr. Horstman will have to turn his attention to the making of other products of which the factory handles many.

Already an effort is being made to find a suitable deposit of sand and whoever discovers the right kind of stuff will have a fortune within his grasp.

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old style ready-made, cough syrups in bottles holding only 2 to 2 1/2 ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to Ryan's Drug Store and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchitis, Asthma, Croup, hoarseness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above drug is also authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under the positive guarantee.

JUDGE BUCK SUMMARILY DISCHARGES GRAND JURY

Saturday at noon Judge Buck summarily dismissed his Grand Jury. In his order dissolving that body Judge Buck said that the jury was "exceeding its functions and was of no value whatever to the people of the county."

While Judge Buck did not care to discuss the matter, he approved of the statement of Mrs. Nannie L. Merk of Burlingame, one of the salary committee. Mrs. Merk's statement is as follows:

"I was on the salary committee," said Mrs. Merk. "The members, though meaning well, did not heed the exact instructions of the court. The committee was taking up matters pertaining to salaries which should have been left in the hands of the entire membership of the Grand Jury. The court's action is clear to me and I approve of the Grand Jury's discharge."

W. D. SHEA

Mr. W. D. Shea, formerly city architect of San Francisco, is the architect of THE REGENT

Messrs. Ward & Goodman are the builders of THE REGENT

The building will be fire-proof

Even the floors will be concrete

There won't be anything in THE REGENT to burn

You will be safe—while enjoying the pictures at THE REGENT

The building at the corner Baldwin and Griffith Avenues, San Mateo is to be two stories 120 x 150 feet

It will be an example of the architect's skill in designing and an example of the builder's integrity in solid construction

The entrance to THE REGENT will be Terrazzo tiling with marble wainscoting

Mr. Shea will have the opportunity to exhibit the result of his long experience as an architect of note in the designing and superintending of the construction of this model photo-play house

There will be very many innovations in the ventilation the color-scheme to be used the unusually fine fittings and furniture the comfort every patron will have in the air-cushion seats that you will come—again and again and tell your friends who will likewise come—and come again.
